Introductory

The present volume constitutes the 1943 edition of Henderson's Directory of Brandon. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons. The approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 11 to 32 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE is embraced in pages 33 to 81; in this feature the names of all streets and avenues are arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 83 to 255.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY occupies pages at end of book, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING BRANDON

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Brandon, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,

The Publishers,

HENDERSON DIRECTORIES LIMITED.

SYSTEM OF NUMBERING HOUSES

The system of house numbering adopted by the City of Brandon is the Philadelphia or Decimal System. By this system an even hundred numbers are allotted to each block and the principal advantage of the system is that the number indicates how many blocks distant it is from any given point on the street or avenue.

On avenues which run east and west a number is allotted to every twelve feet, and on streets which run north and south a number is allotted to every fifteen feet.

Odd numbers are located on the east and north sides, and even numbers on the south and west sides.

The affix "east" is used to indicate avenues that number eastward from First Street and the affix "north" is used to indicate streets that number northward from Pacific Avenue.

Pacific Avenue is taken as a basis for all streets running south starting at number 1 and going southward 100 to the block to the southern limits of the city.

Assiniboine Avenue is the basis for all streets running northward starting at number 1, going northward 100 to block to the northern limits of the city.

First Street is the basis and dividing line for all avenues which run east and west. Starting at 100 and going westward 100 to the block to the western limits of the city, and again starting at number 1 and going eastward 100 to the block to the eastern limits of the city.

Rosser Avenue and all avenues running westward from First St. are intersecting as follows:

| Number | Number |
|--------------------|-------------------------|
| 100 First Street | 1000 Tenth Street |

TRANSPORTATION FACILITIES

The city is connected by two great trunk lines, viz.: the Canadian Pacific and Canadian National.

Brandon is the second divisional point on the C.P.R. System west of the Manitoba boundary in the very heart of the Province.

The Canadian National Railway Company's new main line from Port Arthur to Regina gives Brandon a fast through passenger service. This Company realizes that Brandon is one of its most important divisions.

DOMINION EXPERIMENTAL FARM

The Experimental Farm is adjacent to the city on the northwest, the farm buildings being about $2\frac{1}{2}$ miles from the business centre. The farm is 842 acres in extent, four hundred of which are in the valley of the Assiniboine River and the balance on the sloping sides and upland. There is thus a variety of soil and exposure.

The farm was established in 1883 by the Government of Canada for the purpose of testing varieties of grain, fodder, crops, roots, vegetables, fruits, trees, etc., and of testing methods of handling the land

best suited for Manitoba conditions. Feeding experiments are also conducted with cattle, swine, sheep, etc.

The farm is open for the general public to visit. About 10,000 on an average visit the farm annually, principally during midsummer when the crops are looking the best.

THE DIRECTORY IS THE COMMON INTERMEDIARY
BETWEEN BUYER AND SELLER

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?
